Sarah Heinz House Day Camp

We offer 3 different types of Day Camp activities.

Our Preschool Day Camp is open to kids ages 3-6 (including kindergarteners during the 2018/19 school year (participants must be FULLY potty-trained). Each session, campers swim in the pool, go on fieldtrips, create art projects, explore science and robotics, and play all under the care and observation of our dedicated preschool staff. Sarah Heinz House offers a wonderful opportunity for your child to learn and grow in a safe and fun environment! Our Preschool Camp fills up every year, so make sure you sign up ASAP!

Our School-Age Day Camp is for children who have completed 1st-6th grade. Campers will receive snacks daily, participate in specialty activities, make new friends, go on field trips and adventures, and have access to the pre and post care programs for parents who need to drop off and/or pick up outside normal hours. Make sure you take advantage of your membership status and sign up early.

Our Technology and Robotics Camps features many engaging and fun programs such as engineering in teams, problem solving through challenges, building with LEGO’s and assembling VEX robots. Robo Campers also participate in afternoon activities, field trips, and special events with Day Camp.

New this summer – we will be offering a Volunteer Opportunity for youth who have completed 7th-12th grade. Selected Youth & Teens will serve as volunteer “Counselors-In-Training”, and will support our Day Camp and Robotics Camp staff. Interested Youth & Teens (completed 7th – 12th Grades) must submit an application and take part in an interview process to be selected into the program. These opportunities are limited and not guaranteed. Applications will be available March 1st. For further info or questions please contact Danica, vanvolkenburg@sarahheinzhouse.com
