

Three sessions in May from 6-7:30 p.m.

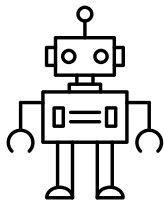

Use tech to tell a story, build robots, and make your creations.

Sign up for one or all three. Dinner provided.

Story telling tech – Thursday, May 16

Design and print a collage or memory board, or tell your story using stop-motion animation.

Robot challenge – Thursday, May 23

Learn about coding, engineering, and design as you work with your family in a robot challenge.

Maker night – Thursday, May 30

We'll give you the tools. You bring your imagination to design and make things with motors, LEDs, and laser cutters.
